WORK REALLY BEGUN

The Senate Has Commenced in
Dead Earnest

To Consider the Schedules of the
Tariff Bill.

MEETS AT 10 O'CLOCK.

New Rule Goes Into Effect on
Monday.

WASHINGTON, May 19.—White winged peace hovered over the senate yesterday. As a result of the compromise reached at Thursday night's drawn battle, the resolution to inaugurate longer hours, beginning next Monday, commencing at 10 a. m., was agreed to, and then the senate for the first time since the tariff debate began, settled down to real earnest work on the schedules of the tariff. For five hours the consideration was steadily pushed, the result being eleven pages of the bill were disposed of—more progress than has been made in the entire three weeks during which the bill has been considered by paragraphs. The "chemical schedule" was completed, and the "earth, earthenware and glass schedule," excepting items 84-92 inclusive, which were passed over by agreement, was finished.

Schedule C, metals and manufactures of iron and steel, had been reached when the senate at 5 o'clock went into executive session. The Republicans won their first victory in their efforts to secure higher rates than those granted by the majority. They induced the Democrats to take rough building and monumental stone, limestone, free stone, granite, sandstone, etc., from the free list and place them on the dutiable list at 7 cents per cubic foot, and to increase the duty on this class of dressed stone from 20 to 30 per cent ad valorem.

The feature of the day was the denial of half a dozen Republican senators that any agreement had been reached to allow the bill to ultimately come to a vote and the bold announcement of Messrs. Frye and Dolph, that they stood to go to any length and use any parliamentary methods to defeat the passage of the bill.

Mr. Morgan's resolution calling upon the attorney general for information as to the existence of a sugar trust in violation of the law was adopted.

At 4:50 the senate went into executive session and then adjourned.

HOUSE PROCEEDINGS.

Boatner Wants Senators Docketed When
Absent—An Interesting Discussion.

WASHINGTON, May 19.—Soon after the house met yesterday it found itself with a filibuster on its hands, caused by a motion to consider appropriation bills running counter to the private bills. The legislative, executive and judicial appropriation bill was taken up after an agreement was reached to close general debate at 5 o'clock and that the house would adjourn on Saturday.

The discussion of the bill opened up several interesting and important questions, among them being the sugar bounty question, the pension frauds investigation and the reduction of members' pay for absence.

The discussion of the sugar bounty question was brought about by the mission from the pending bill of the provision for sugar bounty assessors. Mr. Boatner of Louisiana, gave notice that he would offer an amendment providing that the secretary of the senate and the sergeant-at-arms should respectively deduct from the monthly pay of each member a delinquent the amount of his pay for every day he was absent without leave, except on account of sickness of himself or family.

Representative Cannon questioned the propriety and courtesy of the house declaring by its action to senators that they were going to be any sugar bounty in the next fiscal year. Mr. Bingham took as his text the appropriation of \$200,000 in the last appropriation bill for investigating the alleged pension frauds, and made an attack on the pension policy of President Cleveland and Commissioner Lochren.

At 5 o'clock a recess was taken until 8 o'clock.

The evening session was devoted to the consideration of private bills and at 10:30 the house adjourned until Monday.

ARMOR PLATE FRAUDS.

Representative Dunphy Wants the Matter
Further Investigated.

WASHINGTON, May 19.—Representative Dunphy of New York had a hearing before the House rules committee on his resolution to investigate naval armor plate frauds. He went into the details of the frauds to show the committee the desirability of probing the matter to the bottom. Mr. Dunphy said the frauds for which the government had already assessed the Carnegie company \$140,000 occurred between November, 1892 and September, 1893. The same class of evidence, he said, showed that similar irregularities occurred prior to November, 1892, and subsequent to September, 1893.

Speaker Crisp and his associates on the committee questioned Mr. Dunphy on the details of the alleged frauds. He specified one instance in which an armor plate from the Monterey is said to contain a blowhole eighteen inches long. The man who saw the blowhole when the plate was cast, it was alleged, dropped his card in the hole, and is said to be ready to locate the defective plate, and identify it by his card. The committee took no action, but Mr. Dunphy believes they will report back the resolution with a recommendation that will start the investigation at once.

We put on new neckbands on shirts. Peerless Steam Laundry, 112 and 114 West Eighth street.

THE PRESBYTERIANS.

Breckinridge's Case Comes Up at the
Nashville Conference.

NASHVILLE, Tenn., May 19.—The general assembly of the Southern Presbyterian church reassembled yesterday, Moderator Graham presiding. The most important overtures presented were from the presbytery of Maryland, to unite the missionary and home missionary boards; from the presbytery of Louisville to decline to indorse the action of the Birmingham conference; from the presbytery of Ebenezer, as to separate colored work; presbytery of Tuscaloosa, to transfer the work of colored evangelists to the board of home missions and abolish the executive committee on colored evangelization; presbytery of Holston, making the appointment of a colored organization to meet a like committee from the Northern assembly. The last mentioned overture was referred to a committee of one member from each synod.

There was also presented a memorial from the National Christian League for the Promotion of Social Purity, an appeal that the assembly recognize in W. C. P. Breckinridge an enemy of the church, the home, the state and society at large. The memorial was laid on the table as soon as its purpose was understood and without its reading being concluded.

Acting moderator Rosebro presided at the night session, and Dr. McPeters led in the services.

COLORED METHODISTS.

Lengthy Paper on "The State of the
Country" Presented and Read.

MEMPHIS, Tenn., May 19.—At yesterday's session of the colored Methodist conference Fort Worth, Texas, was chosen as the place for the next conference by a vote of 55 to 41 for Charleston, S. C.

In a long paper on "The State of the Country" presented at the evening session a protest was included against the press of the country for "unjust criticisms of crimes of the few lawless elements as an index of the character of the whole." The protest was signed by the leading journals to the detriment of the race.

On the subject of emigration the report says: "The widespread spirit of unrest among the colored people of the country is particularly due to the agitation of grand schemes, often promoted by designing, irresponsible and unprincipled men. We denounce wholesale immigration as visionary and impracticable."

A Jockey Killed on the Track.

LOUISVILLE, Ky., May 19.—Only five races were run yesterday, the fourth being declared off. In the second Judge Payne fell just beyond the half mile pole, throwing Goodale, the jockey, and Virden who was last and coming at full speed, stepped on his forehead, crushing it in and causing concussion of the brain, from which he died about twenty minutes afterward. He was also badly bruised about the body.

Don't Want Morgan.

NEVADA, Mo., May 19.—Center township elected twenty-two anti-Morgan delegates to the county convention, which meets here to-day to select delegates to the Fifteenth congressional convention at Cartage next Tuesday. The feeling is strongly against the present representative in congress, Hon. Charles H. Morgan, and the meeting passed a resolution to that effect.

Another Brigade for Coxey.

DENVER, Col., May 19.—The advance guard of the Coxey army, numbering 100 men, arrived here yesterday and 250 more are expected. The men boarded a Denver and Gulf stock train at Pueblo and the company allowed them to ride rather than delay the train by endeavoring to put them off.

The Grand Trunk Out of Coal.

MONTREAL, May 19.—All the Grand Trunk railway shops closed to-day for three weeks owing to the coal strike in the states. All trains except those carrying mail, passenger and dispatch freight will be taken off and the passenger service reduced to the very lowest number of trains.

More Illinois Mines Closed.

ST. LOUIS, Mo., May 19.—The striking coal miners have caused the abandonment of work in several mines near Belleville, Ill., which were being operated by the owners and families. These mines had supplied local manufacturers and several suspensions may follow.

CONDENSED TELEGRAMS.

Gold to the amount of \$2,350,000 has been engaged for shipment by European steamers, sailing from New York to-day.

James M. Breeding, a dentist, is under arrest at San Antonio, Texas, charged with forging Wells Fargo express orders.

G. J. Lund of Marietta, Ohio, John Hawks of Cincinnati, Ohio, and J. C. Arnold of Parkersburg, Va., were seriously injured in a railroad wreck near Marietta.

One result of the investigation of the armor plate frauds will be that in future mechanical engineers and not sailors will be selected to inspect government material.

A man and woman who registered at the Delamare hotel in Omaha as Mr. and Mrs. Shearer, Allegheny City, quarreled, and the man shot the woman, inflicting probably fatal wounds.

The celebration at Breeze Cottage, L. I., by the Society of Colonial Dames of the 301st anniversary of the establishment of the first postoffice in America, was a notable affair, including many prominent people.

In the United States district court at St. Louis Judge Shiras, because of technical errors, quashed the motion to quash the indictment against MacDonald, Wells, Johnson, Stephenson and Slatery. The defendants, officers of the Guarantee Investment company of Nevada, Mo., were indicted for using the mails to work a lottery scheme and a scheme to defraud.

EIGHT BOATS LOST.

The Storm On the Great Lakes
Yesterday,

Was the Most Disastrous in
Many Years.

TEN MEN DROWNED.

Wreckage Strews the Shore for
Forty Miles.

CHICAGO, Ill., May 19.—The storm which yesterday swept Lake Michigan was the most disastrous of recent years. Eight vessels were driven ashore within the city limits of Chicago and out of their crews ten men are known to be drowned and in every instance boat and cargo are utterly lost. One schooner, the Myrtle, was wrecked just outside the government pier, within a half mile of Michigan boulevard, and six of her crew went down to death in plain view of the hundreds of people who lined the boulevard walks, or watched the awful storm from the windows of the big hotels which overlook the harbor. The wrecks extended from Glencoe on the north, where the Lincoln Hall went to pieces, to South Chicago, an air line distance of forty miles.

The Myrtle, on which the chief loss of life occurred, not a single man of her crew of six escaped. She was water-logged when she appeared off the harbor in the afternoon. She attempted to anchor but was driven before the gale and struck the schooner Evening Star, and, drifting away from the Evening Star, she struck the schooner Gifford, and, her bows being stove in, she began to sink rapidly. She drifted out to sea, her crew being plainly visible, as they huddled together on top of the cabin. One was washed away, a heavy wave broke over again and then only three were visible. One of them jumped on a plank and floated in close to breakwater, where he lost his hold and went down. The two men on the boat went down with her.

One of the most exciting features of the storm was the imprisonment of twenty-seven men who were working in the water works off Lakeview, one mile from shore. Their only shelter was a timber tower erected on the crib and until that was washed away at 2 o'clock yesterday afternoon the men were not believed to be in any danger. It was a close question for them, however, after that time, as the water rose over the crib again and again in blinding sheets.

Crowds of people lined the shore anxiously watching the crib, from which a distress signal fluttered at various times during the afternoon. The contractors made frantic efforts to get the men away, and offered the tug companies any amount of money to make the rescue. But the tug men said it would be useless to make the effort, and would result only in losing the tug without saving the men. As night fell the men on the crib hung up a red lantern, which was burning steadily at midnight, and as the wind gradually dying down it is believed that all of them will be rescued.

SIX LIVES LOST.

Schooner Cummings Founders Off the En-
trance to Milwaukee Harbor.

MILWAUKEE, Wis., May 19.—A fierce gale from the north raged on Lake Michigan yesterday, and a tremendous sea swept into the bay. At 9 o'clock the schooner M. J. Cummings, grain laden from Chicago, foundered just south of the harbor piers, and five men and a woman perished before the life saving crew which went to their assistance could reach them.

The men who perished fell from their perches in the crossbeams to the water and sank out and sight like pieces of lead. The body of the woman is still lashed to the rigging to which she escaped when the vessel began to sink. The names of the drowned are: Captain John McCullough, Marine City; Mate Timothy Bosour, Buffalo, N. Y.; Thomas Tuscott, sailor, Marine City; unknown sailor, Marine City; sailor named Jim, Marine City, and cook (woman) unknown, Buffalo, N. Y.

The life-saving crew, after a hard battle with the waves, succeeded in rescuing the remainder of those on board.

STORM IN INDIANA.

It Was General Throughout the State,
and Much Damage Was Inflicted.

INDIANAPOLIS, Ind., May 19.—The storm which prevailed in Indiana did much property damage, and reports received here indicate that the storm was general. At Marion hundreds of trees were blown down. A portion of the Stewart glass factory was demolished, also the Marion brick works. A circus tent was blown down, and a panic ensued, but there was no one injured except an employee who was struck by the center pole. At Mooresville many forest and fruit trees were uprooted and the damage is great. At Washington the storm was the severest in many years. The new iron and steel mills three miles south of Elwood were blown down, causing a loss of \$20,000.

Reward for the Taylors.

BROOKFIELD, Mo., May 19.—The county court of Linn county held a special session and offered a reward of \$1,000 for the capture of George and Billy Taylor, the cold-blooded murderers of the Meeks family, near Browning, this county. In addition to this amount, Sullivan county offers \$500 and Governor Stone has offered \$500 for the state.

At Philadelphia—Philadelphia 5, Boston 4.

Read the "Wants." Many of them are as interesting as news items. See if it is not so.

THE BUSINESS WORLD.

The Obstacles to Improvement Do Not
Lessen—The Strikes and Tariff.

NEW YORK, May 19.—E. G. Dun & Co.'s Weekly Review of Trade says: "The obstacles to improvement do not lessen. The strikes of coal miners and coke workers have not ceased, but have caused the stoppage of numerous works this week and embarrassment to some railroads. The conference at Cleveland exhibited much angry feeling and wider differences than had been expected, and seems to render agreement more distant."

"Proceedings of the senate do not indicate that the latest form of tariff revision has made speedy final action probable. Yet the recuperative ability of the country is so great that the volume of business transacted is large, and seems surprisingly so under the circumstances, notwithstanding influences which in any other land would cause dire disaster."

"The soundness of the commercial world is shown in the diminished importance of failures, the liabilities reported for the second week of May amounting to only \$1,737,533, of which \$1,490,932 were of trading and \$433,605 of manufacturing concerns."

Clearing House Returns.

NEW YORK, May 19.—The following list, compiled by Bradstreet's, gives the clearing house returns for the week ending May 17, 1894, and the percentage of increase or decrease as compared with the corresponding week of 1893:

Cities	Clearings	Inc	Dec
Kansas City.....	\$9,324,645	18.3	
Omaha.....	4,937,573	24.5	
Denver.....	2,920,191	43.8	
St. Joseph.....	1,218,998	28.4	
Lincoln.....	446,829	8.4	
Topeka.....	417,238	10.7	
Wichita.....	349,842	54.8	

PROFESSOR SMITH'S CASE.

His Appeal to the Presbyterian General
Assembly Referred to a Committee.

SARATOGA, N. Y., May 19.—In the Presbyterian general assembly chairmanships were announced and a report on church unity was made by Joseph T. Smith of Baltimore, recommending a plan of federation between Presbyterian churches and other bodies more or less allied with it in belief and practice. A minority report was submitted by Dr. Nichols of St. Louis and further discussion was deferred.

The appeal of Professor Henry Preserved Smith against the action of the Ohio synod was referred to the judicial committee.

At the afternoon session the subject of Sabbath observance was presented by W. R. Worrall of New York, whose report alluded to the Sunday opening of the world's fair, and the objection was placed upon the executive department of the government, then in charge of a Presbyterian elder.

Ex-Congressman Clark Seriously Ill.

WASHINGTON, May 19.—Ex-Congressman John B. Clark, Missouri, is lying in a critical condition in a private hospital in this city. A week ago he was compelled to submit to a serious surgical operation for kidney trouble. It was the first operation of the kind ever performed in the national capital. While the physicians express hopes of his recovery, his condition is such that his family have not yet been admitted to his bedside. General Clark was for six years the representative of the Sedalia district, and for the same number of years clerk of the house of representatives. After his defeat for re-election he remained in this city, and lately was appointed a clerk in the supervising architect's office.

Iron and Steel Workers May Strike.

CLEVELAND, Ohio, May 19.—President M. M. Garland of the Amalgamated association, speaking in regard of the probability of a strike of iron and steel workers, said: "Of course, I do not know what strikes will occur this year, because the convention has not reached that order of business in which the policy of the ensuing year is to be outlined, but judging from the policy of the past it will be pretty safe to conclude that if all mill owners refuse to sign the scale then there will be a national strike."

Switchmen's Association.

EVANSVILLE, Ind., May 19.—The switchmen considered changes in the constitution. An unsuccessful attack was made on the insurance feature. It will most likely stand as at present. During the past twenty months \$250,000 has been paid in. Much feeling is expressed over the disappearance of Simmsott, the treasurer. They believe he has been foully dealt with.

Coxey Again Defeated.

WASHINGTON, May 19.—Commonwealth Leaders Coxey, Browne and Jones have been again defeated in the courts and sentence will be passed upon them to-day. After arguments lasting over an hour Judge Bradley of the district supreme court, refused to grant the writ of certiorari for which application was made several days ago.

Breckinridge Requested to Withdraw.

LEXINGTON, Ky., May 19.—The petition that was gotten up here was forwarded to Washington yesterday asking Colonel Breckinridge to withdraw from the race for re-election to congress from the Ashland district. It bore the signatures of a score of old friends of Colonel Breckinridge who want some other man in his stead.

Is Your Hair Falling Out or Turning

To Whom It May Concern:
I am troubled considerably with headache and have tried almost everything which is used as a preventative or cure, but there is nothing that has done me so much good as Krause's Headache Capsules.

Sold by all druggists.

The STATE JOURNAL'S Want and Miscellaneous columns reach each working day in the week more than twice as many Topeka people as can be reached through any other paper. This is a fact it cures blood and skin disorders. It does this quickly and permanently. Is there any good reason why you should not use Dr. Williams' Sarsaparilla? It recommends itself. J. K. Jones.

Gained Every Day

On Taking Hood's Sarsaparilla—
Ague, Malaria, Neuralgia,
Sick Headaches.

Miss Hattie Stuart

I have found such benefit in Hood's Sarsaparilla during the summer that I intend never to be without it. I could scarcely go about, for ague and malaria, when I got a bottle. Every day after that I found myself improving. I took three bottles of Hood's Sarsaparilla, and I got as fleshy and strong as any woman would wish to be. Instead of housework being a burden it is now a pleasure. I used to have

Neuralgia Headaches,

But seldom have them now. If I feel I am going to have a headache, it matters not at what hour, I just take one of Hood's Pills and in

Hood's Sarsaparilla Cures

less than half an hour the dizzy feeling is all gone." Miss HATTIE STUART, Elmdale, Kan.

Hood's Pills act easily, yet promptly and efficiently, on the liver and bowels.
